Mr. Vidale,

On behalf of our university, I would like to express our sincerest gratitude for your work with us over the past academic year. You have been a superb booking agent, and a great partner in our concert production and execution. You have done a fantastic job helping our students learn about concert logistics and artist management. As an advisor who wears many hats, I am very appreciative of your assistance and strong work ethic. Even when we had to make last minute changes, you were easy to work with and adapted well to the needs of our institution.

Our recent concert with Jacques is being hailed by students as one of our best Spring Fest concert's to date! Many thanks to you and your team for producing a great show and always helping us to think outside the box and find great artists who are affordable and provide quality entertainment for our campus.

We are excited to continue our partnership with 2 Deep Entertainment in the future as we embark upon our planning for both Homecoming and Spring Fest as well as other variety events throughout the academic year.

Please feel free to use this letter as Dillard University's official endorsement of your work and services provided by 2 Deep Entertainment. I would be delighted to speak with and provide a reference to any other universities who are seeking to work with you in the future.

Best,

Courtney E. Williams
